Big Bear Oktoberfest a Huge Success

After 14 years in the club, I can now say "best trip ever!!" Most hardy thanks to Diane. The beer bread was delicious. Everything was awesome!! Can't wait till next year.

Cheers, Phil & Gina, 2007 "M edition"

Lisa and I want to send a very warm and hardy thank you to Diane and everyone who joined us on the Big Bear/Oktoberfest run. The weather was absolutely perfect, the roads twisty and the company enjoyable. The manor was wonderful, even though we were at the cabin down the street with Les and Diana and Brian and Vicki. Kathy is a wonderful hostess and I am still surprised we did not "barrow" Qila to take home. For those who don't know, Qila was Kathy's dog, which Lisa was ready to trade our Miata for. Kathy didn't quite seem ready for that trade.

Yes, we were just off Holcomb Valley Road. I learned a lot about the region, I rode back to Gold Mountain Manor in the 4x4 van with Doug, who is a walking encyclopedia of Southern California history!

The company, weather and food were fantastic. Highly recommended!

The Pinz off-road tour was a great time. Even with a mechanical issue on one Pinz, everyone was in great spirits and we were quickly loaded into another one to continue the trip, stopping for our BBQ lunch along the way. I love Pinzgauer's so this trip was a highlight of events for me. That night Lisa and I were lucky to have booked massages, which just ended the day so wonderfully.

We joined the group for breakfast Sunday morning, which was wonderful. Kathy and her staff really does a great job making you feel at home. Tom and Marna coming up that morning to lead the group down Rim of the World highway (one of my favorites) was just icing on the cake. I think Sonny had a good time playing with the two women in the Porsches. Not sure how many caught their license plate, HESWHPD.

Thanks again to everyone who joined us on this run. It was another wonderful Miata club memory for Lisa and I. I guess we have been doing a lot of trips with the Miata club, since any time Lisa tells her coworkers she is going on a trip, they always ask, "With the Miata Club?". Just too funny.

Travels with My Miata: Backroads to Bavaria

Wally Stevens with photos by John Conn

With all the events we have here in SDMC and SOCALM why would you go to Washington for an event? Well just like the motto says "to have fun". How can you not have fun with 148 Miatas and 250 attendees taking over the town of Leavenworth and the entire Enzian Inn.

John Conn and I attended in his newly acquired '92 yellow (ex Keslers' wheels). Also in attendance were Les and ??? from SOCALM as well as attendees from Canada and Australia. Another good deal about attending these national events are the friends you make. John and I have an open invite to stay with several of the Aussies we met.

The town of Leavenworth has been doing Oktoberfest and all year around it is a mini Bavaria (kind of like our Solvang). The planner of this event John Hewitt did a superb job in picking the Inn and organizing the event. He's like a combo of Mark Booth and Steve Waid in his dedication to doing it right. The breakfast included would rival the best in breakfasts anywhere. A side benefit of the Inn was unlimited play on their putting 18 hole course across the street in a beautiful little canyon, complete with 3 goats to keep the lawn mowed. They also provided water towels and a place for those fussy guys to wash their cars daily.

We toured the 80 year old Applet and Cotlets candy factory and shades of Lucy saw the old assemble line pacing the goodies. BTW they have a display of the candies right here at our Costco stores, too. John and I got off the beaten path and were in the driveway to a winery at 11 am and were turning around when we were approached by one of the "hands" He told us to come in even though they weren't open Louie, as it turned out, owns the place and besides is a car-guy proudly showing us his 29 Ford coupe with a big Chevy engine. Louie has owned the car since he was 12 years old. He gave us a few brochures to distribute and a \$32 bottle of wine for our trouble. (I joined his wine club!! and had unlimited, free samplings after that John drove.

The event included a fun day of Miata games at Smallwood's, a place like Bates Nut Farm only larger. We bought freshly picked apples and pears. We had a night of Oompha oompha German polkas and food at King Ludwig's restaurant. We took over the whole place

We had several runs, a poker run awards for unique Miata stuff like best license plates and the usual show and shine stuff. We had a silent auction, a half and half that netted the winner \$600 bucks. Tom Matano gave

his design speech(fun even after hearing it 3 times now.. Tom you need some new material for us old timers).

I could go on and on. Club Miata Northwest plans to make this a big bash every two years so I am ready for 2010. In the alternate years there will be a smaller event so I am reserved for room 234 next year at the Enzian Inn.

Travels with My Miata: Sierra Adventure

Diane Foster with photos by SOCALM's Lisa Martin

*H*orse and Carriage... Miata and Sierra Mountains....they just go together like love and marriage... and speaking of love and marriage,. CONGRATULATIONS to Brenda and Jim!!!! While you were tying the knot, I was twisting and turning over our beautiful Sierra Mountains with our northern Miata friends..

After doing two weeks of our Western National Parks hosted by Tom and Marna Wood from SOCALM last year, there was no way I was going to miss doing this Sierra Adventure, which they again hosted. They put together runs that are reasonably priced, but have very lovely accommodations, great pic-

trip- this is what my Miata world is all about. Some of the folks I hadn't seen in over a 1 1/2 years and the hugs that were exchanged felt like it had only been yesterday.

We were approximately 25 cars, which varied from time to time as folks joined or folks left. When we initially got to Lake Isabella, Gene and Shirley Streeter were there with a big sign on their car. "Welcome San Diego Miata Club". That happened the first 2 hrs of our adventure, and it just got better all the time. Each road and mountain pass was prettier than the next. The first night was Mammoth Lake, then Yosemite, then Tahoe, then Folsom. I don't know what was best— it was all so won-

derful and beautiful. This particular run was divided into two groups: those that want to drive aggressively, and those that want to smell the flowers. We would all start together and end at the same place, and meet up through the day, but the faster group (unless they got lost) usually was just ahead of the rest.

When I dropped Auntie Jane home in Carson City, she had the biggest grin on her face and couldn't wait to show her friends pictures of "Life with a Miata". When I got home I told her how hard I had to work to get the gouges out of the passenger arm rest that she left. She is looking forward to having more fun times in a Miata.. and even contemplating changing out her Volkswagen Beetle !

Lost and Founders' Run

Rainer Mueller with photos by Marianne Mueller
Editor's note: from the SDMC email list...

First off, I'd like to thank everyone who came on our run yesterday. I was totally amazed at the number of Miata-philosophers who showed up, especially those folks who were on the first ever Miata run I led in a previous millennium.

The run started out with a bang - a loud bang! A car accident - when Voodoo Bob finally showed up (as we were starting to leave) he made a quick turn into the starting point parking lot, the car behind him was able to stop in time, but the car behind that car was following too close and crashed into it. Fortunately no Miata was injured in the running of this event.

I did also discover that waiting 13 years after pre-running an event might have been just a little too long. Road names changed - who would have thunk that?

And my turning right when I should have turned left screwed things up thoroughly, but it did give almost everybody a chance to lead a run as well as run sweep - what a concept,

And what's this with a fair in the parking lot next to Lumpy's Barbecue? But those folks that got to taste Lumpy's fare weren't disappointed.

And there was some confusion about the difference between 1/2 mile and 3-1/2 miles. A minor detail.

Approximately 1/2 the group ended up starting 15 minutes before the other half - but it all ended well - folks that wanted to make it to the second run of the day got to that starting point on time, while the majority of the rest of us made it to our home for some great camaraderie.

Without the "abnormalities" this would have just been another great SDMC run. But with them, we now have stories we can tell and exaggerate for years to come!

Coronado Splendor

Steve Waid

On another sunny San Diego weekend, the familiar sound of wheels and engines echoed from the Naval Base tarmac, but this time something was different. The wheels were not attached to planes and choppers, but instead carried an array of classic cars. This is the way Cody Nelson, one of the organizers, described the 11th Annual Coronado Speed Festival in his press release.

For SDMC it was also the 11th year that we have attended the "Race on the Base", although for us it began in fog early on Saturday, September 27th. For me, this is

Having a good time? Photo by Voodoo Bob

the car event that I look forward to each year and in the past have given up autocross to attend. It is automotive overload. I go early and leave late. There is just too much to see. It is "car guy overload."

As always, there were dozens of SDMC members that took advantage of Meguiars Car Club Corral and parked behind the main grandstands with hundreds of cars representing numerous car clubs. It was estimated that there were over 2,000 cars in the corral spread over the two days. I enjoyed clustering in the grandstands with other Miataphiles during the afternoon racing. Gene Streeter and I have made it a tradition to "pick our winners" before each race and then gloat when we get it right. It even happens once in a while.

This year, my high school buddy, Steve Vannatta, came down from Arroyo Grande to enjoy the weekend with us. Those of you that have participated in one of the Search for Madonna's would recognize him as our run leader to the Morro Bay Car Show. He stayed in the Presidential Suite at Casa Waid in Escondido for the first time. I could not have had more fun.

Here it is less than a month past the 11th Annual Speed Festival and I am already anticipating the 12th. See you next year!

San Marcos 13th Annual Holiday Parade

Dec. 7th

**Meet at
Daltons
At 10:30 am**

The main thing to plan on is decorating your car with the theme of the parade in mind. We have also been awarded because of our faithfulness to the parade. We have been there to help carry their dignitaries when questionable weather kept others away. The parade organizers (Kiwanis Club) have always been grateful.

To participate all you have to do is the following:

1. Meet in the parking lot of Dalton's Roadhouse in San Marcos by 10:15.
2. We will leave at 10:30 to caravan to the parade staging area at Palomar College.
3. We will decorate our cars between arrival and noon. (Bring snacks to share if you want! We spend some time waiting!)
4. Judging of entries begins at noon.
5. The organizers will start to move the parade out of the staging area at about 12:30 to go to the starting point.
6. The parade kicks off at exactly 1 pm and we are finished by 2...some earlier.

Remember to bring your decorations.
